Each match will be a competition for each lake. There will also be section points awarded on each lake.

Your points will be totalled for the series but here is the exciting bit....

There will be a draw at the end of the final match to find out who the other members of your team are (one from each lake)! Then it can be decided which team of three has won the overall competition.

If you cannot fish a match, you need to ensure that you have a stand-in to fish on your behalf.
